Warrenton Merchants Meeting

February 21, 2012

7:00 pm

Fire Department

Meeting Topics:

**Public Safety *Trash *Parking *Security Issues *Escorts*

The overall goal of this meeting is to re-ignite the positive relationship between town merchants and the police department thus establishing a more desirable atmosphere for locals and visitors alike.

The meeting should take approximately one hour but will not be limited, as to not hinder the thorough discussion of the listed issues. There will also be representation from our town board during the meeting in support this project.

I hope to see all the merchants from the Town of Warrenton present for this important meeting.

Thank you,

Goble E. Lane
